The Moriah Foundation
Healing & Mentorship Training
Phase I: Foundations

With a vision and passion to sharpen 'people helping' skills and to increase an understanding of the healing process, The Moriah Foundation will again be providing its Healing & Mentorship Training in the Fall of 2026.

The current training program is based upon 28 years of observation and feedback. With each new round of training we make additional revisions to the program and you will be receiving our best integration of faith and sound psychological understanding, with proven results through lives changed. We have developed a six month long 'apprenticeship' format. This apprenticeship format consists of two - three month intensive studies (Sept. - Nov. & Feb. - Apr.) By the end of the Fall 2026 and Spring 2027 training sessions, each participant will have received both highly focused training lectures on 'heart-level' healing from a Scriptural perspective and experiential training through the co-facilitation of actual groups being provided through The Moriah Foundation.
If you desire to become a skilled 'people helper', call The Moriah Foundation ASAP!
The first session of introduction to training begins September 22nd!

If you simply desire to attend to learn more about the healing journey for personal understanding, you are also very welcome to attend (and you will not need to co-facilitate anything).
Simply register and come to our Introductory Session.

All new potential participants who plan to attend, and who desire to take the Training Certificate route will need to fill out an application for acceptance into that program track, have a letter of recommendation from their pastor, mentor or supervisor, and fill out a personality inventory. These requirements will need to be fulfilled by the 2nd session of class. This is a 'high commitment' activity. If you are committed to understanding the healing process, for yourself and ***also*** so that you might help others, it will be an exciting and intense training!
Any questions regarding these requirements can be directed to The Moriah Foundation, at (309) 451-8992.
